Dated Bangalore 22 March 1906

Subject.

Allowance to the Medical Officer attached to the I.S.Lines for being in medical charge of the I.S.T.Corps

---

I submit for your orders the enclosed correspondence on the above subject.

My reason for asking that a moiety of the charge allowance proposed by the Senior Surgeon should be paid to the Hospital Assistant at the Victoria Hospital was that the men of the "A" Division stationed in the old Sowar Lines ~~are~~ were treated at the above Hospital together with all serious cases sent from the Munirodd-polyam Lines. As however the Senior Surgeon ~~does not agree with me~~ does not agree with me I have no objection to the proposed allowance of Rs 30/- being given in full to Mr. Wesley with effect from the 23rd August 1905.

As regards funds I beg to point out that the amount budgetted for on account of the pay of the Assistant Surgeon of the I.S.Lancers is Rs 250 per mensem whereas the present incumbent receives only Rs 150/-. The proposed charge allowance may

Subject

Medical Officers for the I.S. Lancers and Transport Corps.

- - - - - -

I submit the enclosed correspondence on the above subject.

On the representation of the Senior Surgeon Government sanctioned a charge allowance of Rs 30 per mensem to the Assistant Surgeon attached to the Imperial Service Lancers on account of the additional duties performed by him as Medical Officer of the Transport Corps.

Both the Senior Surgeon and the Chief Commandant are agreed that in ordinary circumstances one Assistant Surgeon will suffice for both the Corps. But the Chief Commandant points out that two Assistant Surgeons will be necessary if either Corps is ordered out for Field Service or any length Manoeuvres. The Senior Surgeon may be asked to make special arrangements if such a case arises.

2 The Comptroller suggests in his letter of the 12th June that to save the charge allowance of Rs 30/-, it may be ruled that the Asst Surgeon attached to the I.S. Regiment shall look after both the Corps without any extra pay for

Therefore be met for the present from the above savings and provided for separately in future budgets of the Transport Corps.

for the double duty.

As regards Hospital Assistants it is advisable to have two:- One for each Corps.

The Senior Surgeon says that the fixing of Rs 50/- as the maxi--mum pay for the Hospital Assistant of the I.S.Regt does not enable him to depute an experienced hand.

Both the Senior Surgeon and the Chief Commandant recommend the grant of an allowance of Rs 20/- to the Hospital Assistant attached to the I.S.Regt.

This may be sanctioned.

3 In regard to the separate Hospital accommodation recommended by the Chief Commandant I may men--tion that the Senior Surgeon when inspecting the I.S.Lancers Hospital noticed that there was more accom--modation than required for the Sowars. He therefore directed a Ward to be reserved for the Trans--port Drivers.

The Chief Commandant quotes no facts to show the necessity for the additional accommodation he recommends. The Transport & Lancer Lines are near each other and the Hospital conveniently situated for both the Corps.

A Hospital Establishment for the I.S.Transport Corps is included in the revised scale of establishment recommended by me.

Sir,

With reference to your letter No 6450 dated 27th May last, before submitting the same to the Depot for orders I take the liberty of asking whether in recommending charge allowance to Mr Wesley the following points have been considered. viz:-

1. That all serious cases have hitherto been sent to the Victoria Hospital none being treated at the I.S.Lancers Hospital.

2. That the whole Corps has only recently been completed

1st & 2nd Division being formed in 1903-04
3rd & 4th ---do-- - - -do- - - 1903-04
5th Division ---do-- - do- -- end of 1904

As the first formed Divisions was quartered in the Old Sowar Lines the Medical Officer in charge of the I.S. Lancers had practically nothing to do with the sick being sent to the Victoria Hospital. It would seem fair therefore that the Hospital Assistant of the Victoria Hospital should draw ½ charge allowance for the first formed half Regiment and as the whole Corps has only been recently completed that the full allowance should count only from 1904 the charge being divided between the 2 Hospitals ?

3 While on this subject I would ask that the Rules may issue directing the treatment of the sick of the I.S. Transport in the west ward of the I.S.Lancers Hospital (which the ward I think you suggested should be allotted to the Transport In-patients) and from the date effect is given to this order that Mr Wesley may receive the whole allowance.

Sir,

With reference to your Memo No.7134 dated 29-6-05, I beg to state that in ~~#####~~ perning my letter to you No.70 dated 13-5-05 I did not concern myself with the 1st Division of the Imperial Service Transport Corps as I had nothing to do with it (beyond examining about 40 men for enlistment two or three --- years ago) nor did I imply that the other divisions were completely formed when I began to attend to the Medical requirements of the Transport people.

I did simply in view the fact that I had been doing a considerable amount of work in connection with the Corps & on that ground requested you to obtain an allowance for me,

I now beg to submit to you a statement of the actual work I have done during the last two years & 9 months, confining myself to the purely Medical aspect of the work.

During the period under reference I have treated in all 1988 cases, of which 1317 were those of effectives & 671 those of women & children.

Of the 1317 effectives I dealt with I transferred only 53 cases to the Victoria Hospital.

Not all these 53 cases were the most serious, I have had to do with, from the point of view of danger to life.

While a very few of them were undoubtedly so, many of the patients were sent for the sake of the diet they would get at the Victoria Hospital.

The rest were sent in the interest of the Transport Corps itself. These men having sustained severe sprains or contusions in the lower limbs and thereby were unfit to walk

ould have had to be sent to this Hospital daily in Transport carts entailing the employment for that purpose of drivers who might otherwise be more usefully employed.

It was in order to spare the Commanders the necessity of doing this to the prejudice of the regular work of the Corps that I transferred such cases to the Victoria Hospital.

I beg you to take into your consideration the above remarks with the fact that the ratio of the cases I sent to the Victoria Hospital was only 4 per cent of the total number dealt with by me and also the statement contained in my letter dated 18th May 1905 regarding the other duties I have been discharging in connection with the Transport Lines & decide as to what would be an equitable ~~appointment~~ apportionment of whatever allowance the Government might be pleased to sanction.

As regards treating the sick of the I.S.Transport in one of the Wards of the I.S.Regimental Hospital I am ready to do so as soon as you issue orders to that effect.

I beg &c

SIR,

I have the honour to acknowledge the receipt of your memo No. 3240 dated 29th March 1906 forwarding for opinion your memorandum to the Dewan No. 187 dated 22nd idem suggesting that the proposed allowance of Rs. 50/- a month to Mr. Wesley the Medical officer attached to the Imperial Service Regiment for being in charge of the Imperial Service Transport Corps might be met from the saving effected under the head pay of Assistant Surgeon as the present incumbent draws only Rs. 150/- a month.

2 I have the honour to state that in the sanctioned scale of the Imperial Service Regiment an Assistant Surgeon on Rs. 250/- is provided for and an officer of that status may at any time be appointed. Besides, there is no available saving from the existing provision in the Budget Estimate the present incumbent is of Sub Assistant's grade on pay of Rs. 150/- a month, and a sum of Rs. 1200/- has been deducted from the sum of Rs. 3000, provided for under "Assistant Surgeon and Hospital Assistant" 25 B - Military Imperial Service Regiment, as probable savings. It will thus be seen that real provision is for a Medical officer on Rs. 150/- only.

3. It is usual to show in the estimates and accounts the cost of each unit of the army and on this basis, it would in my opinion be best to charge any special allowance given to a medical man on account of work connected with the Imperial Service Transport Corps to the account of the

The reason for the adoption of this latter date is not clear. I am further to point out that Mr.Wesley appears to have been relieved of his work of the Imperial Service Regiment some months ago and retired from service from the 1st July 1906.

Enclosure No.

With reference to his letter No.661 of the 14th August 1906 intimating the date from which the allowance of Rs 30/- per mensem should be given to Mr.Wesley for attending to the treatment of the sick of the Imperial Service Transport Corps in the West Ward of the Imperial Service Hospital, has the honour to enquire who Mr.Wesle successor is so far as this work is concerned and if the allowance recommended for Mr.Wesley is intended for his successor also. It is not clear how a provision of only Rs 360 for the current year is considered adequate if the successor is also to get the allowance. As no addition to the Budget can now be made the source in the Transpor Budget or any other grant under his control

control from which the charge can be met may be pointed out.

By Order,

For Secretary.
